

MEN TELL TAFT OF MEXICO CONDITIONS

President Listens to the Startling Disclosures of Mexican Situation

WILL NOT INTERVENE

They Ask that Americans be Protected and Life and Property Made Safe

WASHINGTON, DEC. 11.—President Taft listened tonight to some startling disclosures about present day conditions in Mexico. Four American business men with Mexican interests, two members of the senate and a congressman, sat in the cabinet room in the white house and heard the story, vouched for by all, told to the president by one man who had been in the southern republic within the last few weeks. It was a tale of outrages on Mexican women, of murders and kidnappings of Americans by bandits who seized Americans and held them for ransom, of general lawlessness and disorder such as seldom has come to the ears of the president since the trouble began in Mexico nearly two years ago.

The story came out at a hearing granted by the president to the American business men who have appeared before the state department and who were referred to at the white house. They did not ask intervention they said, after the hearing was over. But they did request the president to see that Americans were protected and that life and property be made safe. After a hearing of an hour and a half the president promised to take up the case presented with the departments concerned.

White house officials had no statement to make after the conference, but it was understood President Taft had no intention of asking congress for authority to intervene.

Inquiry Along This Line Developed in Cross Examination of Witnesses in Dynamite Conspiracy Trial—Cunnane Testifies to Story Told Him by Ryan and Hockin.

INDIANAPOLIS, DEC. 11.—Inquiry as to whether John J. McNamara's guilt after his arrest and before he pleaded guilty to causing explosions was known to President Frank M. Ryan and other officials of the Iron Workers' union was pursued by the government in its cross examination of defendants as the dynamite conspiracy trial today.

Assisted in Raising Defense Fund.

Michael J. Cunnane, Philadelphia, testified he took part in a public demonstration managed by labor unions in Philadelphia as a protest against McNamara's arrest and then he assisted in raising the \$200,000 defense fund for the McNamara brothers. He also stated he wrote letters to J. J. McNamara after the latter was confined in jail in Los Angeles. He said he was unable to recall the contents of this correspondence but he would send to Philadelphia and produce the letters in court. He said all he knew about the alleged kidnapping of McNamara and reported frame-up by the authorities in the prosecution was what he learned from Ryan and Hockin. He believed that then but that he does not believe they told the truth. Other witnesses told of various explosions.

SIDNA ALLEN IS GIVEN 35 YEARS IN THE PENITENTIARY

Sentence is Pronounced For His Part in the Shooting Up of the Carroll County Court House Last March.

WYTHEVILLE, Va., Dec. 11.—Thirty-five years in the penitentiary is the penalty of Sidna Allen for his part in the shooting up of Carroll county court house at Hillsville, last March, when five persons, including the presiding judge, the sheriff and the commonwealth's attorney, were killed by members of the Allen clan and a number of others wounded. Allen's nephew, Wesley Edwards, will spend twenty-seven years in the penitentiary.

These two sentences were the result of a compromise this afternoon following a verdict of voluntarily manslaughter in the case of Sidna Allen for the murder of commonwealth's Attorney William M. Foster, the jury fixing the penalty in that case at five years imprisonment. Allen already had been found guilty of second degree murder at a former trial for the killing of Judge Massie, for which he had been sentenced to fifteen years in the penitentiary. Another indictment pending against him for the murder of Sheriff Webb was compromised by letting him plead guilty to second degree murder and take fifteen years sentence. The combined sentences make thirty-five years.

Three indictments against Wesley Edwards also were compromised, he taking sentence of nine years on each.

STRIKERS SHOOT STRIKE BREAKERS

Two Detectives are Killed and Many Others are Wounded

MILITIA IS CALLED FOR

Striking Railroad Employees Engage in Pitch Battle With Men Taking Their Places

HACKENSACK, N. J., DEC. 11.—Several hundred striking New York, Susquehanna & Western railroad employees, ambushed under the palisades overlooking the lower Hudson river, opened fire with shotguns and rifles on a boat load of strike-breakers landing at coal docks in Edgewater today and in a pitched battle which followed two railroad detectives were killed and a dozen other men were wounded.

A telegram requesting that the militia be called to quell the disorder was sent to the acting governor of New Jersey by General Superintendent Stone of the Erie railroad. Mr. Stone escaped a storm of bullets fired by strikers as he was seeking shelter in a building. The men killed were:

Andrew J. Graw, 28, of Binghampton, N. Y., captain of detectives.

Clarence Mallory, 45, one of Graw's men.

The wounded include:

John D. Ryerson of Jersey City, lieutenant of detectives.

William King.

William A. Woods.

Frank A. Brown.

William Hicks.

All of these men, like Graw and Mallory, were doing private detective work for the Erie railroad. Hicks is in a hospital wounded twenty times in the legs, body and thighs. Brown and Woods were shot through the head. Ryerson was shot in the back and chest and King in the right ear.

William Glass, inspector of detectives, is in a critical condition with wounds in the head and face. One of his eyes was removed.

The men hiding behind the rocky cliffs and trees waited until a scow had discharged its cargo of men brought to take the strikers' places. A volley of blank cartridges did not frighten the strike-breakers, who pushed forward toward the railroad tracks on the coal wharf. The men in ambush then left their places of concealment and firing real bullets, attempted to swarm out upon the wharf. They were met at the dock gates by the detectives, who, not armed, except for clubs, engaged in a hand-to-hand struggle.

A fusillade of shots brushed the officers aside and they fled for safety, except the mortally wounded Graw and Mallory. The strike-breakers, under a fire of bullets, fled along the shore of the Hudson and concealed themselves in the woods of the palisades.

Three hundred employees, foreigners of the Susquehanna, which the Erie railroad controls, quit work Monday, demanding a wage increase of five cents an hour. Officials of the railroad refused to grant the increase. There was a clash yesterday between strikers and detectives and one of the latter was slightly wounded by a gunshot.

Mayor Clahan of Edgewater took personal charge of the situation to night. Leading a force of half a hundred deputy sheriffs he visited the coal docks, prepared to give battle if the strikers made trouble.

A search of the woods was made but no one carrying arms was found.

GIRL'S REFUSAL TO MARRY BRINGS DEATH TO HER

Maxine Clayton Upon Refusing to Marry is Shot Dead by the Man Who Asked For Her Hand.

Sheridan, Wyo., Dec. 11.—Her refusal to marry Peter Jorgensen, a mining engineer, cost Maxine Clayton her life this afternoon. She came here from Springfield, Ill., recently. Jorgensen ended a wooing that began in their childhood by shooting her through the heart and sending a bullet through his own head.

When the young woman came to Wyoming Jorgensen followed and got a position with a mining company near here. A few days ago she consented to marry him and he gave her money to buy a trousseau.

Today she changed her mind. "It is a case of love and what I call duty," she explained. "But which you will call something else. If I marry you I cannot support mother and my sisters."

Jorgensen said that he would take care of her family.

"That would be too much of a burden," said the young woman. Jorgensen drew a revolver and fired. She fell dead at the first shot. A second shot and he dropped dead by her side.

TINKER TO REDS; CHANCE TO NEW YORK

TRADE FOR TINKER IS FINALLY EFFECTED BY HERRMANN

Chance is Said to be Slated to Mangle Highlanders at Largest Salary Ever Paid a Ball Player—Tinker Had Priority at Cincinnati.

CHICAGO, DEC. 11.—Negotiations between American and National league officials made here and New York to day are expected to be followed by an official announcement here tomorrow of a deal whereby Frank Chance is slated to become manager of the New York American league club. His salary it is said, will be the largest ever paid a ball player. Negotiations to procure his services will be opened it is asserted as quickly as he can be made a free agent by the Cincinnati club, to which he recently was sold.

The above tells the story of the annual meeting here to day of the club owners of the American League. They waived claim on shortstop Corridon of Detroit, so President Navin of Detroit club might dispose of him to Cincinnati and complete the trade by which Corridon and four other players are to go to the Chicago Nationals in exchange for Joe Tinker and two others.

President Navin said he had reached an agreement with President Herrmann, of the Cincinnati club in the sale price of Corridon, which, it is understood will be \$8,000.

While no official announcement was made of the deal by which Chance will go to New York, it was learned that negotiations secretly have been pending. The official announcement is expected tomorrow.

President Farrell of the New York club would neither deny nor confirm the story.

It is said however that President Herrmann has promised to give Chance his release as soon as the deal was closed by which he would get Shortstop Tinker of Chicago to manage his club.

Club owners of the League held an executive session in the afternoon and adjourned at 7 tonight to meet again tomorrow morning.

President Sommers of the Cleveland club, was appointed vice president of the league and presidents of the Chicago, New York, Cleveland and Boston Clubs were appointed members of the board of directors for 1913.

Tinker to Cincinnati

New York, Dec. 11.—The long expected trade to make Shortstop Joe Tinker of the Chicago National League club manager of the Cincinnati team was effected late today at the close of the National League's annual meeting. By the deal as finally effected Chicago gets Tinker, Catcher Chapman and Pitcher Loudermilk to Cincinnati in exchange for Pitcher Humphries, Shortstop Corridon, Outfielders Mitchell and Knudsen, and Player Arthur Phelps. With Corridon secured by Cincinnati from Detroit to figure in the trade, the way seems clear for carrying out the plan for Frank Chance, Detroit exchange, to enter the American League and become manager of the New York Highlanders.

It was also announced at the close of the league meeting that Boston has sold Shortstop Bridwell, the former Giant, to Chicago. The purchase price was not stated.

Talk among the magnates after the league meeting adjourned left no doubt that they considered as settled the arrangement for Chance to come to the New York Americans as manager. No hitch over the transfer of Corridon from Detroit was anticipated; in fact it was understood here that Herrmann already had secured the player. As for Chance, all the National League clubs except New York waived on him, it was learned, and tonight a waiver was expected at any time from Manager McGraw to whom a message requesting such action had been sent. McGraw's friends say he has left no question in their minds that he would be glad to have Chance as his friendly rival in New York Major League club management.

Joe Tinker got his berth in Cincinnati through a hold-over promise by Herrmann at the time the latter was closing negotiations with Hank O'Day for last year's managerial job. This came out today when the Cincinnati president was asked why he had not considered Chance for manager of the Reds. Tinker was promised, it appears, that he would be given priority in consideration when the question of a Cincinnati manager again came to the fore, and accordingly the Chicago shortstop obtained the call on the position when Herrmann decided upon a change this fall.

The bill has not yet passed the senate.

General Dixey, army chief of engineers, asked appropriations sub-committee for appropriation for great fortification at Cape Henry, Va.

Adjourned at 5:15 p. m. until noon Thursday.

WASHINGTON, DEC. 11.—"Inter-marriage between negroes or persons of color and Caucasians or any other character of persons within the United States or any territory under their jurisdiction," would be prohibited under a joint resolution introduced today by Representative Rodenbury of Georgia.

The measure was referred to the judiciary committee of which Representative Clayton of Alabama, is chairman.

The measure is a direct result of the recent marriage of Jack Johnson the negro pugilist, with a white girl.

Representative Rodenbury denounced the legal procedure under which a "brown-skinned, black-skinned, thick-lipped, brutal hearted African can walk into an office of the law and demand an edict guaranteeing him wedlock to a white woman," and prophesied that the legal sanction of mixed marriages ultimately might bring this country to a conflict. He declared that "no brutality, infamy or degradation in all the days of Southern slavery possessed such villainous characteristics and atrocious qualities as the permission of that marriage by the laws of this country."

In Chicago, he said, not only is the white slave traffic carried on but the white girls of this country are made the slaves of an African brute, sanctioned by the laws of the state, and solemnized by a form of the marriage ceremony."

Mr. Rodenbury added:

"We say this is a great country with its morals, traditions, virtues and examples, deserving to be emulated and envied by other countries of the earth. But we see an African with much brutal force, with no moral character, with no stamina, in defiance to the laws of Illinois—yes, in accordance with the laws of Illinois—in defiance of the municipal regulations entering the office of a probating magistrate, or other legal office in that city and calling on him to issue 'to me Jack Johnson'—a marriage license to wed a young American woman, of our own blood, our own color."

Then speaker declared that in the fellowship between the blacks and the white in the south the blacks respected that superiority of their former masters and would commit self destruction before entertaining the thought of matrimony with a Caucasian woman.

Bankers Getting Fired.—A large group of New York bankers and brokers surrounded Samuel Undermyer counsel for the banking and currency committee of the house when the committee adjourned its "money trust" hearing to day, and demanded that they be either excused or placed on the stand at once. The New York men have been in Washington since Monday and they were told tonight by Mr. Undermyer.

EXCITING DAY SPENT IN WALL STREET

LEADING STOCKS TUMBLED TO FIGURES NEAR 1911 MARK

Marked Weakness Manifest in Union Pacific as Result of Recent Court Decision—Rumor Current That Market Condition Indicated Approaching Liquidation of Pool—Great Activity in Steel.

NEW YORK, DEC. 11.—Wall street went through one of its most exciting days of the year today. Leading stocks sold at quotations approaching the low record of 1911, and the twenty-five active railroad and industrial issues which make up the usual table of averages only escaped by a narrow margin reaching their low level for that period.

Big Sales of U. P.

Excitement converged chiefly about Union Pacific which had shown marked weakness since the supreme court's decision ordering its divorce from Southern Pacific. Sales of Union Pacific today aggregated 235,000 shares or about 20 per cent of the total business. The stocks sold off to within 1-8 point of its low price recorded early in the year. Sales of U. S. steel were even more extensive, approaching 300,000 shares, but the support accorded that stock at critical periods of the session resulted in only a nominal loss for the day. Reading was the third most active issue with a substantial net loss. Combined offerings of these three stocks comprised about sixty per cent of the total output of 1,255,000 shares.

Many Rumors Current.

The day was the most active of any since that which followed the presidential election. When Union Pacific was precipitately declining countless rumors and reports were current on the exchange and through out the financial district none of which, however, threw any light on the situation.

Among the circumstantial rumors of the day was one to the effect that Union Pacific's continued weakness and today's special decline represented the compulsory liquidation of a pool whose holdings averaged a price considerably higher than recent quotations.

There were also persistent reports that the merger decision might result in a temporary reduction of the Union Pacific dividend if indeed such disbursements might not be altogether suspended. Under the merger decree Southern Pacific is to be joined from paying any dividends to Union Pacific pending the segregation of the two roads.

SENATE LEADERS SEEM NEAR TO AMICABLE AGREEMENT

Are Likely to Confirm Taft's Federal Nominations in States Where Senators Are Republicans.

Washington, Dec. 11.—An amicable agreement in the senate over the confirmation of President Taft's nominations of federal positions, seemed probable today when after a number of informal conferences among senators a tentative plan was agreed upon.

Under the agreement proposed no nominations proposed for federal officers will be confirmed in states where both senators are Democrats but in all states where the senators are Republican there is to be no opposition to confirmation of these places. It was understood that many Democratic leaders in the senate would be satisfied if the appointments in southern states were not put through.

An effort is being made to settle the question of president pro tempore of the senate by the selection of Senator Gallinger to serve until March 4th. Senator Bacon may become permanent presiding judge in the Archbald impeachment trial.

Senate leaders were not sure however, that this arrangement would go through, but it is being discussed. An informal caucus of the Democratic senators has been called for tomorrow morning to discuss prospective action over presidential nominations.

NEW YORK SELECTED FOR HEADQUARTERS

Executive Committee of Progressive Party Will Have Offices There

SELECTION IS OPPOSED

Location is not Chosen Until After Hard Fight Among Delegates

CHICAGO, ILL., DEC. 11.—New York was tonight selected as the permanent headquarters of the executive committee of the new Progressive party after a fight which delegates to the national Progressive conference from several states sought to have the headquarters located elsewhere.

Members of the national executive committee from Ohio, Wisconsin, Michigan, Illinois, New Hampshire and Montana voted against the resolution naming New York, because they said the resolution was not sufficiently comprehensive. They desired the resolution to provide for things in addition to a national headquarters.

By a number of the delegates to the conference the selection of New York was received as a victory for George W. Perkins and his friends against whom some opposition had been developed in the conference. In addition to the selection of New York as the location of headquarters it was decided to establish a permanent publicity bureau and a permanent legislative bureau at Washington.

Also the executive committee voted to send a commission to Europe to study legislation in various countries for the purpose of getting material and ideas for the Washington legislative bureau.

Further the executive committee adopted the principles contained in the Jane Addams plan for the organization and financing of the Progressive campaign.

For the immediate financing of headquarters and bureaus, it was decided to ask for 100 subscriptions of \$500 each a year. Six of these were subscribed tonight. They came from the state organizations of New Hampshire, Massachusetts, Michigan, Vermont, Delaware and Pennsylvania.

It is proposed to get forty-two more of these \$500 subscriptions from the remaining state organizations and secure the rest from individuals within the Progressive party.

Governor Bass of New Hampshire, Matthew Hale of Massachusetts, Louis A. Drexler of Delaware, William Flinn of Pennsylvania and Gustavus B. Pope of Michigan were active in assuring financial support.

Mr. Hale announced that he would guarantee \$1,000 per year for financing the work of headquarters and bureaus.

Chairman Dixon announced the national committee had put into effect the recall in its own affairs through a resolution presented by Mr. Hale.

Under the terms of the resolution 25 per cent of the membership of the national committee may join in a petition requesting the chairman of executive committee to adopt some certain policy or motion, and if they fail or refuse to accept such recommendations the petitioning members may demand a meeting of the national committee for the purpose of acting upon such recommendation. Also that any officer of the Progressive party may be recalled by a majority vote of the entire committee.

T. N. Wanamaker was named to succeed H. Sherwood Dunne as national committeeman from South Carolina.

The action of the New Jersey state committee in electing Borden Whiting as a member of the national committee to succeed John F. Fort, was ratified.

Chairman Dixon was empowered to take action in the matter of the contempt charges made by the Idaho state supreme court against certain Idaho Progressives because of criticism of the presidential electors decisions.

Mr. Dixon tonight said he had not determined what would be done in the Idaho cases. At the conclusion of the meeting tonight, George W. Perkins, chairman of the executive committee announced that the committee would meet in the hotel Manhattan in New York Wednesday, Dec. 18th.

Chairman Dixon of the national committee said he would recommend to Progressive members of congress the bill now pending for the establishment by the government of a legislative reference bureau. This suggestion was advanced by James R. Garfield of Ohio.

Colonel Roosevelt remained in Chicago tonight for further conference with members of the national committee. He is scheduled to depart for New York tomorrow morning. He was the guest of Miss Jane Addams at a dinner which was attended by thirty Progressives.

Teheran, Dec. 11.—Captain Ackford of the British Army has been killed by tribesmen near Shiraz capital of the province of Fars.

Interment was made in Diamond Grove cemetery and the bearers were L. Piepenbring, H. H. Bancroft, Mr. Wolke, C. C. Schureman, Arthur Taylor and John Weaver.

Patricio Nunes, one of the elderly and greatly respected citizens of Jacksonville is no more. He passed quietly away at his home at 1094 North Main street at 8:40 a. m. Wednesday. He had been suffering with pneumonia for a number of weeks and there seemed to be no remedy for the dread disease.

Mr. Nunes was born in the Island of Madeira, March 17, 1843, and was the son of Domingo and Mary Nunes and came to this country with his parents when a small boy and has lived in this vicinity ever since. When his adopted land was in danger he volunteered and served three years most acceptably and faithfully, never shrinking from any kind of duty no matter how arduous. At the end of his service he was honorably discharged and returned home to take up the life of a private citizen. The greater part of his life has been devoted to farming, though for the past few years he has found it rather too severe and has devoted himself to gardening for he could not be idle.

He was a consistent member of Northminster church and was always ready to do his full duty there as elsewhere, being faithful to his Heavenly Commander as he was to his earthly leader. He was also a member of Camp No. 132, Modern Woodmen of America. In all his dealings he was an honorable man, upright and honest and all who knew him held him in high esteem.

He was married to Mary Nunes of this city and their home has been blessed by a family who have done them credit. Their children are Marshall P., Edward P., Mary, now Mrs. Robert K. DeFries; Robert P., Clara, now Mrs. Otto Speith; Sadie, now Mrs. Thomas DeFries; Frank P. and Benjamin H. Two have passed away and they were Anna and Patsy. He is also survived by his wife and sixteen grandchildren, two brothers, Sanders and Emanuel; one brother, John, and a sister, Mrs. Jacinto DeFries, are also dead; and the children of the deceased sister, John DeFries, now dead, Samuel and Carrie, now Mrs. David Smith, were all tenderly reared by their devoted uncle and aunt.

Mr. Nunes will be much missed in every circle in which he moved for he was a man who won and kept many friends.

The funeral will be conducted Sunday next at Northminster church at 2:30 p. m. by the pastor, Rev. W. E. Spooner, and interment will be in Diamond Grove cemetery.

Hamilton.

The funeral services of Mrs. Mildred Hamilton who died at the age of 73 years, were held Wednesday at 11 o'clock from the Christian church of Winchester, Rev. J. C. Reynolds officiating, assisted by Elder J. H. Coats. Interment was made in Winchester cemetery.

McKinley.

Mrs. John Reick of 738 Allen avenue, has returned from Peoria where she was called on account of the illness of her sister, Mrs. Ella McKinley, who died at her home at that place Sunday night after a lingering illness with typhoid fever.

McKinley had often visited in this city where she had a large circle of friends who will learn of her death with sorrow.

The remains were taken to Havana, Tuesday morning where interment was made.

Mallicoat.

The funeral services of Archibald Mallicoat were conducted Monday afternoon from the Methodist church in Virginia, by Rev. A. N. Simmons with interment in Walnut Ridge cemetery.

Mr. Mallicoat was born and reared near Arezville and was 32 years of age. His marriage to Miss Annie Robn of Beardstown took place in 1902. She survives him, together with three sons, Albert, Robert and Arthur. He also leaves two brothers, Walter and Thomas and one sister, Miss Edith, all residents of Cass county.

Daugherty.

CHRISTMAS STORIES TO TELL TO CHILDREN

"It is not too early to remind parents and teachers that the season for telling Christmas stories is drawing near, and for the public library to offer a list of such stories for the use of those who desire to avail themselves of this most propitious time of all times for practicing the ancient and entrancing art of oral storytelling. The subjoined list was prepared by a member of the staff for the use of her patrons, and represents the experience and accumulations of several years. It is printed here for the benefit of a wider circle of those who may be so fortunate as to have occasion for its use." From Chicago Public Library bulletin.

WILL HOLD MISSION AT CHURCH OF OUR SAVIOR

Special Services by Passionist Fathers Will Commence Sunday Morning.

Beginning at 10:30 o'clock mass at the Church of Our Savior next Sunday morning the Passionist Fathers Charles and Ignatius will conduct a mission in this city for two weeks. Services will be held every week day at 5 and 8 o'clock in the morning and at 7:30 o'clock in the evening. The morning service at 5 o'clock will consist of mass by one of the missionaries, followed by a short meditation, and at 8 o'clock with mass followed by instruction. At the evening services will consist of the Rosary Benediction of the Blessed Sacrament and a sermon. Instruction will be given before the sermon on three or more evenings. Commencing Wednesday morning confessions will be heard, the hours being 5 to 7, 8:30 to 11:45 in the morning, 3 to 6 in the afternoon and 7:30 to 10:30 in the evenings. If necessary the confessions will be held earlier. The children's mission will be held, on Sunday, Monday and Tuesday afternoon of the first week and if possible it will continue longer.

As non-Catholics have a most favorable opportunity to see Catholic practices and to hear the explanation of Catholic duties and beliefs, during these missions the priests in charge have urged the parishioners to invite persons outside the fold to attend these services. These missions are preceded by public prayers weeks before their opening and as the missionaries have learned from experience that the prayers of the children of the parish are a powerful influence towards the success of the mission, these are especially solicited.

JACKSONVILLE PEOPLE

MARRIED IN ST. LOUIS

Miss Norma Cassell Becomes the Bride of Mr. Harry B. Norman—Will Reside on South Clay Ave.

The many friends of Harry B. Norman and Miss Norma Cassell will be surprised to learn that the young people went to St. Louis Wednesday morning, where they were married at 11 o'clock by Rev. B. A. Abbott, pastor of the Union Avenue Christian church, the ceremony taking place at his residence.

The bride is the youngest daughter of B. P. Cassell and has always made Jacksonville her home. She graduated from the High school with the class of 1909 and from Brown's Business college in 1910. For the past two years she has been stenographer in the office of the Jacksonville Railway and Light company. She is a young woman of pleasing personality, sweet disposition and of much talent. She is a member of Central Christian church.

The groom is the only son of John Norman of Winchester. He received his education in the public schools of Murrayville and resided there until three years ago, when he came to Jacksonville. For the past two years he has been employed on the local street car system. He is a young man of industry and honesty and commands the respect and esteem of all who know him.

Upon their return to Jacksonville the young people will reside at 701 South Clay avenue, a home already furnished by the groom and where they will carry with them the sincere wishes of a wide circle of friends.

GOOD ADVICE.

A Jacksonville Citizen Gives Information of Priceless Value.

When you suffer from backache, Headaches, dizziness, nervousness, feel weak, languid, depressed. Have annoying urinary disorders; Do you know what to do? Some Jacksonville people do. Read the statement that follows. It's from a Jacksonville citizen. Testimony that can be investigated.

P. J. Meany, blacksmith, 333 N. East street, Jacksonville, Ill., says: "When I used Doan's Kidney Pills two or three years ago, they fixed me up in good shape. My kidneys pained me terribly and my back would ache when I stooped. The action of my kidneys was irregular. Doan's Kidney Pills not only stopped the pain but regulated the kidney action."

The above statement must carry conviction to the mind of every reader. Don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Meany had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y.

A little grandson of Mr. and Mrs. Elijah Watkins succumbed to the dread disease and was buried Sunday. It is not thought that the disease will claim many victims as strenuous measures are being taken to keep it from spreading.

Miss Elizabeth Dunbar presided as temporary chairman till Miss Helen Moore was elected as permanent chairman. Miss Letta Irwin was made secretary and treasurer of the organization. N. T. KIRBY HAS DISMISSED SUIT AGAINST ALTON ROAD.

Sought Damages on Account of Alleged Injuries to Horses—Plaintiff Won in Lower Courts but Met Reversal in Supreme Court.

N. T. Kirby, formerly of this city and now of Springfield has recently dismissed his suit against the Chicago & Alton road which has been pending in the courts for a number of years.

The suit traveled from the Sangamon circuit court to the United States supreme court and back.

The suit was instituted against the Chicago & Alton railroad, to recover damages from the railroad company for injury to a car load of horses to New York. The horses were shipped in a special train and it was because of this fact that the supreme court reversed the decision and remanded the case to the local court.

In the Sangamon circuit court Mr. Kirby was allowed damages in the sum of \$4,200. The judgment was sustained by the appellate court, where it was appealed, but the United States supreme court held that the interstate commerce laws had been violated in making the shipment under this manner and reversed the decision. The case was re-docketed in the circuit court recently and dismissed. Mr. Kirby's costs in the case totaled approximately \$1,000.

DON'T FORGET TAG DAY.

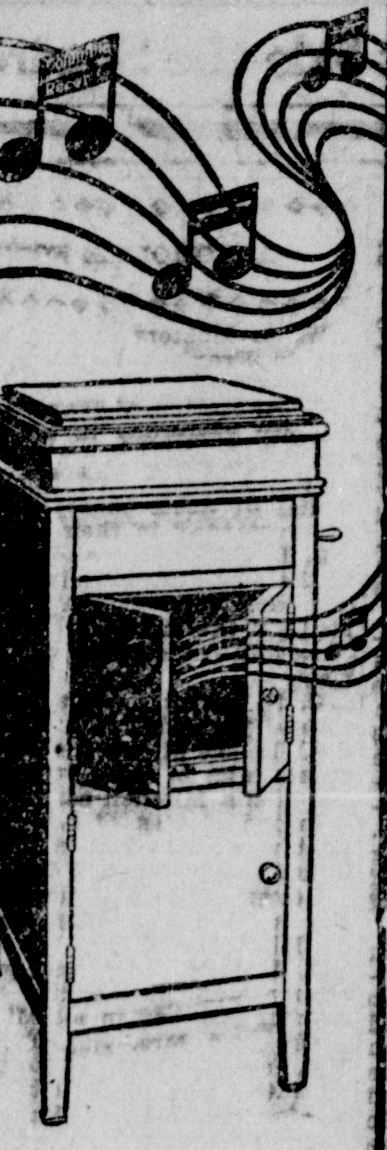

All well disposed ladies are earnestly requested to lend a helping hand tag day, Saturday of this week, for the benefit of the Passavant hospital. Headquarters will be at the Y. M. C. A. building and Prof. J. G. Ames is managing the campaign and all who are willing to aid in the great and glorious work are requested to report to him Saturday morning. If you can't work all day then try half a day but do let us have a good turn out of ladies.

It is of course understood that all the proceeds of this day go to the free fund by which worthy poor people not able to pay for care and treatment get service absolutely free. The doctors charge nothing and all else is free.

Everybody in both city and country are interested in this work. The hospital exists for suffering everywhere located and is not confined to Jacksonville nor to any creed, condition or color, but tries to care for the suffering who need attention. A good sum should be realized Saturday.

HEALTH OF EMPEROR FRANCIS JOSEPH.

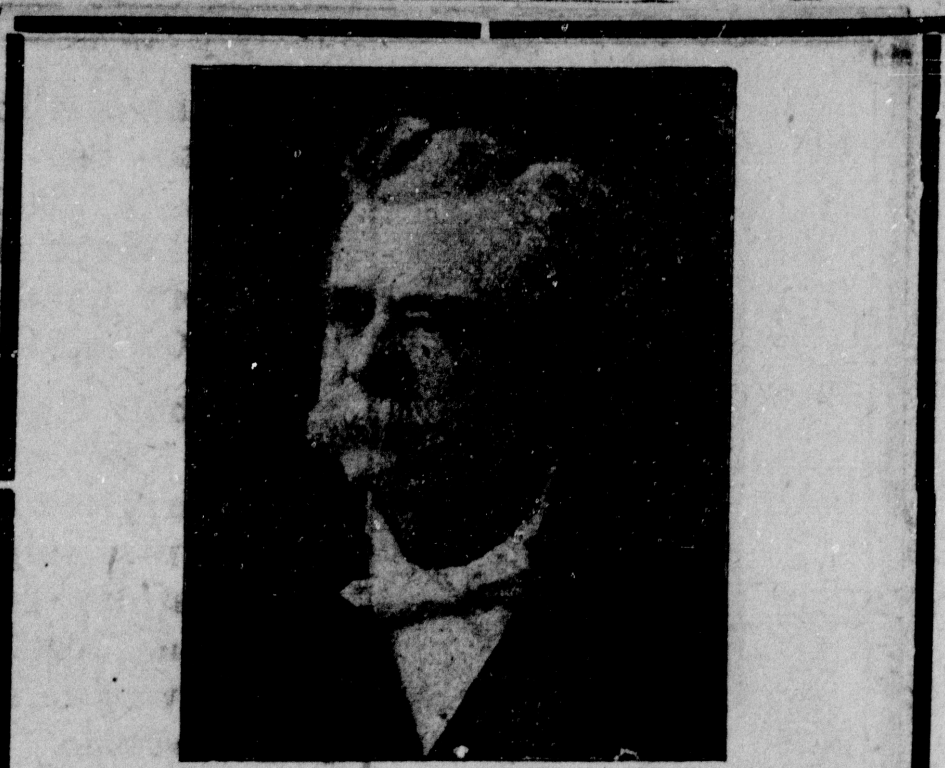

Vienna, Dec. 11.—The extraordinary mental freshness displayed by the Emperor Francis Joseph during the recent critical period in international politics has amazed even those most familiar with his marvelous energy. The venerable Emperor, who is now in his eighty-third year, has a thorough knowledge of the entire course of the Balkan war and is acquainted with the names of all the military leaders and of all the important engagements. An exact account of the events has been laid on the table of the Emperor's study since the first outbreak of hostilities, with a large map of the seat of war, upon which the Emperor has indicated the position of the various armies daily by means of the colored flags.

Patriotism

The stomach is a larger factor in "life, liberty and the pursuit of happiness" than most people are aware. Patriotism can withstand hunger but not dyspepsia. The confirmed dyspeptic is fit for treason, stratagems and spoils. The man who goes to the front for his country with a weak stomach will be a weak soldier and a fault finder.

A sound stomach makes for good citizenship as well as for health and happiness.

Diseases of the stomach and other organs of digestion and nutrition are promptly and permanently cured by the use of

DR. PIERCE'S GOLDEN MEDICAL DISCOVERY. It builds up the body with sound flesh and solid muscle.

The dealer who offers a substitute for the "Discovery" is only seeking to make the little more profit realized on the sale of less meritorious preparations.

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the paper covered book, or 31 stamps for the cloth bound. Address World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

BIG DROP HITS STOCK MARKET

TOTAL DAY'S BUSINESS TRANS-
ACTIONS REACH 1,255,500
SHARES.

Union Pacific Bears Brunt of Selling
in an Attack on Stocks Which De-
moralized the Market, Losing 8 1/2
Points—386,000 Shares Traded in
One Hour.

(By Associated Press.)

New York, Dec. 11.—Union Pacific
was the storm center of an at-
tack on stocks today which demor-
alized the market. While the selling
was at its height in the early after-
noon the market was in a semi-
panic condition. Union Pacific
lost 8 1/2 points and other leading
stocks were acutely weak, although
their declines were less severe.
Blocks of thousands of shares changed
hands in rapid succession and in
one hour 386,000 shares were traded
in. The day's total was 1,255,500
shares.

During the morning session the
market presented a more cheerful
front, and prices rose, a number of
the leading issues gaining a point or
two. The storm broke shortly after
noon, with a sudden assault on Union
Pacific which bore it down five
points. After a rally and a brief
period of dullness, pressure was re-
newed with greater force and the
market gave way under the strain.
Trading was most active in Union
Pacific, Reading and steel, the three
great speculative leaders, and trans-
actions in these issues made up ap-
proximately two-thirds of the total
for the day. During the entire af-
ternoon the market was feverish with
wide fluctuations and a sharp rally
toward the close. Union Pacific sold
down from 162 1/2, the high point of
the day, to 153 1/2, within one-eighth
of the lowest price since 1910; Read-
ing from 168 1/2 to 162, steel from
62 1/2 to 63 1/2, Anaconda Copper
from 76 1/2 to 73 1/2 and Lehigh Valley
from 169 1/2 to 164 1/2.

In the remainder of the list the
downward movement was more or-
derly and the losses were less se-
vere.

Various disquieting rumors were
heard, but they were accepted as
merely the usual accompaniments of
such a movement on the stock ex-
change.

The fact that the Union Pacific
stock bore the brunt of the selling
gave rise to the theory that large
holders of that stock were unloading
on account of the Harriman merger
decision and were buying Southern
Pacific, a stock which held compara-
tively steady.

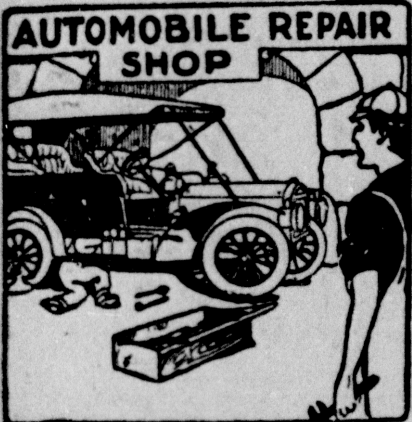

Money rates were easier today.
Banks showed a further loss in op-
erations with the sub-treasury, the
outflow amounting to \$4,379,000 for
the week thus far.

NEGRO TO ANSWER FOR TWO MURDERS.

Indianapolis, Ind., Dec. 11.—The case of Frank Willie Smith, a negro under indictment for double murder, was called for trial today. Smith is charged with having murdered Frank Fozall and Philip Lepper, white bartenders, at a picnic resort near the State Fair grounds on the evening of October 2, last. The victims met death after having spent the day in company with two women. One of the women left the scene before the murders and the other's story of the negro was discredited at first. The girl said that the negro after killing the two men assaulted her. Smith was captured at Louisville three weeks after the crime and on his return to this place is said to have confessed to the killings. In his confession he said the white men first called him names and then hit him with a stone before he began shooting at them. He denied the alleged assault on the woman.

GOTHAM PREPARES FOR CHRISTMAS

New York, Dec. 11.—The Christmas celebration two weeks from today promises to be the most notable in the history of little old New York. From the Battery to the Bronx and from East river to the North river the people are now in the midst of their preparations for the Yuletide festivities. The streets, the shops, the cars are thronged all day and until late in the evening with persons making their purchases. Broadway and the Bowery alike appear to have caught the atmospheric buoyancy of the holiday season.

The hotels are making more

elaborate preparations for the Christmas festivities this year than ever before. A decade ago the traveling man whose business held him in New York for Christmas day wandered through a deserted hotel lobby musing on his isolation. Nowadays, the well-to-do class, when they have completed their own celebration in their homes, come down to the Plaza, the Knickerbocker, the Ritz-Carlton or another of the newer and larger hotels for which the city is famous, to enjoy as keenly the spirit of Christmas times as did the little group about an old New England hearthstone or an antebellum chimney corner.

But the good-cheer of the metropolitan Christmas is not monopolized by the rich. It is so abundant that it overflows into every nook and corner of the big city and fills the lowliest tenement in Rivington street as well as the most palatial mansion on Riverside Drive. If there is a single man, woman or child in the whole of New York who is not gladdened the coming Christmas day by a bounteous dinner, a useful present or the enjoyment of some sort of free entertainment, it will not be for lack of effort on the part of the churches, the charitable organizations and individual philanthropists.

The coming lieutenant governor said he favored limiting bouts to six rounds and keeping them under state supervision.

EDWARD F. TREFF ADDRESSES JACKSONVILLE BUSINESS MEN

Field Secretary of National Chamber of Commerce Heard in Excellent Speech at Local Headquarters.

Wednesday evening at 8 o'clock at the rooms of the Jacksonville Business Men's association, Edward F. Treff, field secretary of the Chamber of Commerce of the United States of America, gave a very eloquent and instructive address to the local business men, in regard to the national association and the benefits to be derived from its membership.

President William Newman of the association presided at the meeting and introduced Mr. Treff, who at the close of his address asked for the sentiment of the members of the local association, in regard to taking out a membership in the national order. Mr. Newman explained that as an election of officers and a new board of directors is to be held here next month the present directors preferred that the new directors would vote on the matter and that he would recommend that such a membership should be taken out. A motion to that effect was passed as was a motion extending to Mr. Treff the thanks of the association for his excellent and helpful address.

Mr. Treff, who is a man of broad experience in commercial matters and who has had a great deal to do with the organization of business men throughout the country, explained the development of our largest cities and cited cases where cities have either gone backward or remained at a standstill, merely for the want of organization of their business men. He stated that if the men of a city want to increase the population they must have factories and industries, but even these would be of no avail if they were only operated ninety days of the year, and stated that advertising would move the products, citing cases of a number of manufacturers who have invested enormous sums in advertising with the result that they reaped a larger harvest. He told of the benefits that the local organization would derive from becoming a member of the national association, of the reports they would receive, which would mean the saving of money for Jacksonville.

Be sure and attend the minstrel show at the high school Friday night.

Miss Anna Weber Entertains at Miscellaneous Show.

A miscellaneous show was given by Miss Anna Weber at her home 1515 South Main street in honor of Miss Eulalia Terry, who is soon to wed Mr. Albert Fisher of Hammond, Indiana. The home was prettily decorated with poinsettia and holly and the guest list included intimate friends of the bride-to-be.

Music and games were the diversions of the evening and during the time elaborate refreshments were served. The place cards were hand painted, with cupids and hearts, also containing the initials of the young people soon to wed. Another card was also at each place on which each guest wrote a wish for the bride-to-be.

Miss Terry received a large number of useful gifts. They were presented by Mrs. Hernan Weber, in a suit case, which was opened before the guests. In every way the evening proved most delightful.

CITY COMMISSIONERS TALK ABOUT WATER PROPOSITION

Various Sections of Recent Communication Were Considered at Informal Conference Held Wednesday Morning—Will Meet With Capt. Mackey Today.

Mayor Davis and Commissioners Brennan, Engel, Knollenberg and Newman met Wednesday morning in the mayor's office for an informal consideration of the proposition recently submitted by the Jacksonville Water company. The conference lasted for two hours and the whole matter was gone over. It was the announced intention of the council Monday to hold such a conference and later to invite Capt. Mackey to attend a meeting and discuss the proposition. Capt. Mackey has been asked to attend a meeting this morning and it will be held beginning at about 10:30 o'clock. The commissioners agreed that if the proposition should finally be changed to meet their approval that then it would be submitted to a vote of the people.

It developed yesterday in the conference that the mayor and each commissioner had some special idea with reference to the proposition and many new points were brought out in the discussion. For the past four or five weeks Commissioner Brennan has been keeping a record of the amount of water pumped into the reservoir for the purpose of making some figures as to the cost. There was no intention to take in the cost of distribution or collection as the figures desired for comparison were only as to the cost of water in the reservoir. Mr. Brennan's record shows the cost of pumping water to be 2 1/2 cents per thousand gallons. In this cost he has taken account of the coal consumed, labor cost and the cost for ordinary or running repairs. No deterioration or insurance expenses nor interest on investment were taken into account. The commissioners followed this plan of making the estimate because if the proposition by the company were accepted the city would still have its money invested in the present plant, the same amount of insurance would be carried and the pay roll would be practically the same as fire would be kept under the boilers for use in case the water company's pipe line failed.

In the discussion one objection urged to the proposition was that the water company has stipulated that the daily consumption shall be one million gallons per day whereas the average daily consumption is not that much. For example at present the daily consumption is about 700,000 gallons and the city would not want to contract to use one million gallons per day if it would not sell such amount to consumers.

Another point mentioned was the leakage of water from the reservoir. Even when the reservoir was in good repair it was found that a big daily leakage occurred and last winter during the heavy rains the leaks were so much enlarged by expansion and contraction that the standpipe instead of the reservoir had to be used for a number of weeks. The leakage is always greater in the winter than in summer but in the latter period there is the matter of evaporation to take into account. If the city paid for water as received through a meter the amount going to waste through evaporation would have to be paid for at the same rate as that which was sold to consumers. In the course of a year's time the city uses at fires, for flushing sewers, in boilers at the light and water plants, a considerable amount of water which would have to be paid for. In figuring the cost of producing water at the city plant no record or estimate is made of the amount used for these purposes.

Another objection raised was to the section which reads as follows: (3). That if at any time after the expiration of three years from the date of the contract referred to the city authorities or the people of the city feel aggrieved at the rate being paid by the city for the water furnished by the water company it, or they shall have the right to make an application to the circuit court of Morgan county, Illinois, for a reduction of said rate. And the said court shall give both parties the right to submit such arguments and evidence as they may deem necessary, and if after a careful hearing of such evidence and arguments, the judge of said court shall be of the opinion that said rate is exorbitant, or unjust to either party, he shall have the right to modify the same by decree in writing to be filed of record in such manner as he believes will be fair and reasonable to both parties; provided however that either parties feeling itself aggrieved by the decree of the said court may take an appeal to the supreme court of the state of Illinois.

It was urged that under this section which appears to be designed for the protection of water users that either the city or the water company could go into court and ask that a change in rates be authorized. It was suggested that whether the company or the city should seek to have the rates changed that this section would likely result in litigation which might be expensive for all parties concerned.

One of the commissioners stated that he would not be in favor of any contract unless it covered a period of at least five years. He does not think that a three year contract is long enough to get everything to working in a satisfactory way for all parties concerned.

The figures presented by the Water company as to the cost of operating their plant were deemed too high and some of the commissioners believe that not so many employees nor so much coal as mentioned would be required.

Certain advantages to the city in securing an improved quality of water were discussed. On one thing all the officials were agreed and that was that if the commissioners and the water company finally agreed upon a proposition that it would not be adopted until after the people had expressed their wishes on the subject at a special election.

WILL PUSH FORWARD HEARINGS ON TARIFF OBJECTIONS.

Chairman Underwood and Associates May Take Chance of Working Out Rough Draft of Tariff Bill for New Committee.

Washington, Dec. 11.—"I want to see that tariff hearings are concluded by the end of January. The ways and means committee will have a chance to work out the rough draft of a bill for the use of the new ways and means committee after the present congress expires March 4th," said Democratic Leader Underwood to day. The committee, of which he is chairman, already is fortified with what Underwood regards as very full information regarding all the tariff schedules but the committee by adopting a schedule of hearings beginning January 6th, proposes to allow everybody interested an opportunity to give information on any particular schedule. Mr. Underwood probably will introduce tomorrow a resolution to authorize additional expert assistance in connection with the proposed tariff revision.

D. A. R. MEMBERS ALREADY INTERESTED IN NEXT ELECTION

Spirited Contest Between Mrs. Scott and Mrs. Story is Again Promised.

A Washington dispatch says: With the national election still five months in the future there is every indication of a lively contest over the naming of the officers at the annual congress of the national society of the Daughters of the American Revolution.

Ranged under the prospective banners of the present president-general, Mrs. Matthew Scott, and Mrs. William Cummings Story, of New York, twice defeated and again a candidate for president-general of the national society, the opposing factions are busily canvassing for voters.

Declaring that a circular recently issued in support of Mrs. Story's candidacy contains "yelled insinuations against the financial management of the national society, D. A. R., Mrs. Scott has sent out a statement calling the attention of every chapter in the country to what she characterizes as "misleading insinuations."

The offending letter, which was sent broadcast throughout the country, bears the signature of Miss Florence G. Finch, of New York city, campaign manager for Mrs. Story.

What prompted Mrs. Scott's reply was the statement that should Mrs. Story be elected next spring "all money contributed toward reducing the debt on Continental Memorial hall will be applied specifically on the debt alone."

According to the present status of the campaign the candidates have narrowed down to Mrs. John Miller Horton of Buffalo, and Mrs. William Cummings Story, of New York, with the present president-general, Mrs. Scott, "unofficially" supporting Mrs. Horton.
